ASP.NET MVC ADO.NET WebAPI Core

## Bio

I'm interested in an Intermediate developer role, where I would be able to use the below skills to passionately contribute to new, existing, and ongoing projects.

- C# : > 5 years of professional experience
- ASP.NET: > 5 years of professional experience
- ASP.NET Core: > 2 years of professional experience
- HTML5, CSS3, JavaScript, jQuery, AJAX: > 4 years of professional experience
- Web Services, WebAPI: > 3 years of professional experience

- WebAPI Core: &lt; 2 years of professional experience
- Windows Service: &gt; 3 years of professional experience
- Microsoft SQL SERVER: &gt; 5 years of professional experience
- MySQL: &lt; 2 years of professional experience
- Postgres Database: &gt; 2 years of professional experience
- Redis: &lt; 1 year of professional experience
- ADO.NET: &gt; 5 years professional experience
- Entity Framework (EF): &gt; 4 years of professional experience
- Entity Framework Core: &lt; 2 years of professional experience

Below are the projects I had worked on:

#### ACCOMPLISHMENTS

- Developed Educational Portal (EduPortal)
- Developed Alumni Portal alongside an e-Voting System
- Developed Content Development Kit (CDK) module of an E-learning System.
- Developed a utility software that migrates data from an old database to a new database.
- Developed a Result Processing System
- Developed a School Management System for schools.
- Developed an Election/Vote Collation Portal.
- Developed a money transfer platform called SwiftMT
- Co-developed an eProcurement System.
- Developed a Bidding and Rating System.
- Developed a Windows Service that monitors and escalates SLA Breaches for an eProcurement System.

## Experience
